## Everyday Use Sleeve (Pack of 5)

Are you tired of your EDC deck tuck case getting all dinged and torn up? Are you looking for an affordable way to protect and show off your decks?

Carat Case Creations presents the **Carat DS1 EDC Deck Sleeve**, an affordable and durable case made specifically for your everyday carry deck. Not only does it protect your deck from knocks and bumps being in your pocket, backpack or other carrying bag, it is better designed to allow you easy and quick access to your cards.

The major changes from the original Carat DS1 include an incision in the top flap to allow for the tuck box flap to be inserted in it so that when you open the DS1 EDC flap, the tuck box flap opens as well. The side flaps have been removed and the back has slits and creases to emulate the back of the tuck box for easier removal of your cards. Finally, the flap has been extended to allow for better closing of the flap since the side flaps have been removed.

Just like the DS1, the **DS1 EDC** is made of 0.3mm clear, archival safe PET, allowing full viewing of your deck from all sides while providing good protection against knocks and bumps. It fits most decks from the major playing card printers (including Cartamundi, EPCC, HPCC, LPCC, TWPC and USPC), and its low profile allows you to store your decks as you normally would on your shelf, in your drawer, in storage boxes or anywhere else.

The **Carat DS1 EDC** is extremely light, weighing around 8g or 0.25 oz. and comes unfolded to make it easy to ship. Once ready to use, simply peel off the protective film, fold the flaps together and assemble the Deck Sleeve.

With the **Carat DS1 EDC**, you no longer have to worry about your deck or tuck getting all banged up in your pocket or daily carry bag. It's also an affordable way to protect a large number of decks while still displaying or showing them off to your friends!

Carat card cases by Carat Case Creations are the preferred playing card storage and display cases of discriminating collectors and designers. Aside from its regular production cases, Carat Case Creations has worked with many of the top designers to create custom cases, including, Butterfly Playing Cards, ExpertPCC, Rick Davidson, Midnight Playing Cards, Mint Playing Cards, Stockholm 17,
