
Sumi Original Craft by Card Experiment - Pokerdeck

LIMITED EDITION: Only 1200 printed! Will NOT be reprinted. Custom numbered seal.

An homage to Wabori, the traditional Japanese tattoo art form, the Sumi Playing Cards faithfully emulates the iconic elements of Ukiyo-e, fantastical mythological creatures, and Heroes of the Marsh to forge a visual playing card masterpiece like no other. A masterpiece bursting with symbolic significance at every twirl of the cards.

The new **Sumi Original Craft** deck will be offered with enhancements in terms of better multi-level embossing, letterpressing, foil stamping and superior German tuck paper stock. This deck is printed by the USPCC on crushed premium stock and traditionally cut. The print run is limited to 1200 decks with numbered seals.
