
TRU by Menny Lindenfeld

From the creative mind of Menny Lindenfeld comes the most **POWERFUL & VISUALLY STUNNING** rubber band penetration effect you'll ever perform!

A rubber band is wrapped around your forefinger. And while it's being stretched out, the rubber band literally **PASSES THROUGH** the center of your forefinger and **LINKS ITSELF** onto your middle finger. The effect is so visually stunning, **IT LOOKS LIKE A CAMERA TRICK!**

Your fingers are open and fully exposed throughout the entire performance. The rubber band continues its magical journey, **VISIBLY PENETRATING** from one finger to the next. Making each phase gradually look more **VISUALLY AMAZING** than the previous.

Finish this incredible effect with a **BIG** ending. Imagine the spectator's reaction, when you cause the rubber band on your finger, to **VISIBLY PASS THROUGH** and **PENETRATE HIS OWN FINGER.**

Perform **TRU** in any impromptu situation. With your fingers fully exposed throughout the entire routine. It's 360° angle-proof and can be watched from any angle. Each phase of **TRU** can be performed as a stand-alone effect. Or combined into a multi-phase routine.
