## **Arst Varsity Bottle by Tora Magic**

Display a lovely bottle and cover it with a tube. With a magical gesture, raise the tube to reveal that the bottle has turned upside down! Slip the tube back over the bottle; repeat the gesture and raise the tube to show that the bottle has righted itself.

This effect can be repeated.

To complete the routine, pour drinks from the bottle... then produce perfectly dry silks from it!

This beautiful *Tora Magic Company* effect may be performed easily in a moment's notice for any size audience.

*Size of each bottle: 30 cm x 9 cm*
