
Wedge (DVD and Gimmick) by Jesse Feinberg - DVD

YOU CLEARLY DISPLAY BOTH SIDES OF THE CARD CASE...as you casually reach inside to grab your deck.

But you've stored a few extra things inside the case that you forgot about.

You pull out a box of TIC TACS, a LIGHTER, CANDY, DICE an ADDRESS BOOK AND MORE...MORE THAN ENOUGH SOLID REAL STUFF TO FILL THE ENTIRE CARD CASE.

But then you drop the case onto your spectator's hand and she can feel there's EVEN MORE inside the box. What could still be wedged inside after that big pile of goodies you just pulled out?

She looks inside the card case and FREAKS OUT when she discovers it's COMPLETELY FILLED with the ENTIRE DECK!

This is not a shell deck or fake deck..but a real-deal EXAMINABLE FULL DECK of normal cards...which your spectator pulls out of the normal EXAMINABLE CARD CASE!

Your audience can try, but will find it impossible to WEDGE even just ONE of the other items into the card box when the deck's inside!!

Use your own objects to customize your Wedge performance

Produce just about any small objects you can stuff into a card box!

Perform standing or sitting

No palming

Nothing to ditch

Deck and Box are ungimmicked and fully examinable
