## **THE NO WAY BOTTLE PRODUCTION by Iñaki Zabaletta and Vernet Magic - DVD**

Imagine this; you are wearing no jacket on plain stage. No table, no chairs, nothing. You show a red handkerchief and then a white one. Next you briefly cover your empty right hand and instantly produce a real wine bottle production out of nothing. No Way!

This is the best opener trick for the real professional. You can you it anywhere, anytime. Perfect for stage, parlor and even close up.
