
Ultra Gum by Richard Sanders - DVD

A amazing piece of WOW from the fertile minds of Spidey, Deven Ye and Richard Sanders!

Ultra Gum:

An impossible transposition between a borrowed bill and a FACTORY SEALED PACKAGE OF GUM!

EFFECT:

A corner is slowly torn from a borrowed bill. The corner is rubbed between the fingertips where it very SLOWLY and eerily vanishes! You are clean, No pulls, No TT's, No ditching...IT'S JUST GONE!

The spectator opens a package of gum that has been sitting on the table throughout. (It can even be in the spectator's hands) MIRACULOUSLY, INSIDE ONE OF THE SEE THROUGH PLASTIC BUBBLES OF THE UNOPENED PACKAGE OF GUM, is the corner of a bill!

There are no breaks or tears in the plastic or the foil.

This is a modern day impossibility!

The only way to get at the bill is to break open the foil seal, which the spectator does himself to discover the missing corner from the bill he loaned to you just seconds ago!

This amazing concept allows for transpositions, vanishes, appearances and more!

NOTE: Gimmicks are reusable, nothing to replace!

ON THIS DVD, YOU WILL LEARN:

How to transform an ordinary package of gum into a secret weapon.

How to perform 6 extraordinary routines with borrowed bills and ordinary playing cards.

As with all Sanders Fx products, every nuance of the method, technique and presentations are laid out clearly and concisely on this DVD.

Learning couldn't be easier.

FEATURING 6 KILLER ROUTINES:

Cash Flow: A corner torn from a spectator's bill appears, seconds later, sealed in a pack of gum in the spectator's own hands.

Inside: A selected card vanishes from the deck and appears inside a pack of gum in the spectator's hand. The effect is repeated but this time with a torn corner from the selected card. The corner vanishes completely...a few moments later, a piece of gum is impossibly extracted from the unopened gum pack. The spectator opens the gum to find the corner from their selected card trapped inside one of the see through bubbles of the unopened, sealed pack of gum. An impossible ending to a killer effect!

Organic Transpo: A killer in your face transpo handling! Tear a corner from a borrowed bill and put it into your mouth. Slowly begin to chew the corner in your mouth where upon it suddenly transforms into a piece of gum. The spectator opens the gum pack to find the corner from their bill impossibly sealed inside the gum pack.

Full On: A practical full bill handling for the effect!

Spidey's Time Travel Routine: Think Neo from "The Matrix" performing a mind bending effect with a piece of gum and a selected card. The spectator is actually convinced that you traveled back in time to perform an impossible torn corner in gum pack effect. An incredible presentation with a devious handling!

The VISUAL Appearance: An amazing piece of EYE CANDY to add to your already impossible effect! A wave of the hand, or a snap of the fingers, etc will cause the bill to VISIBLY APPEAR inside the sealed pack of gum. FIVE killer handlings included.
