## Stargazer by Alan Wong and JB Magic - DVD

Star gazer now comes with a step by step instructional DVD.

After performing crazy mans handcuffs or any other rubber band effects, you offer to show your spectator one last trick. Using the **SAME TWO** rubber bands, you make several different shapes. These shapes are all pretty cool. Finally you make the shape of a star. Then one of the bands **VISUALLY** changes shape and becomes a **REAL STAR** shaped rubber band.

This band can be given out for examination or as a souvenir.

10 stars per pack. comes with instructional DVD.

Easy to do, No reset. Looks Amazing.
