

## Tommy Wonder at British Close-Up Magic Symposium - DVD

**The Incomparable Tommy Wonder filmed at the British Close-Up Magic Symposium . . . now on DVD!**

Tommy Wonder was one of the world's finest performers and magical thinkers, and this video captures some of his best close-up work when he presented his lecture at the British Close-Up Magic Symposium. Shot with two broadcast cameras. A must for any magician!

Tommy performs and then explains in detail the following effects:

**Thanks to Paul Harris** - Tommy's handling of the classic Paul Harris single torn and restored card in which the fourth piece appears to restore as well!

**Lighter to Matchbox** - One of the most visual table-hopping intro tricks. A Bic lighter instantly changes to a box of matches!

**The Shrinking Box** - Two versions of the shrinking card case. Very practical construction, easy to use.

**Ambitious Card Routine** - A clean and effective version leading to Card to Box, in which the signed card ends up folded inside a miniature hinged box on the table.

**2-Second Card Fold** - A detailed exposé of Tommy's lightning quick three-way card fold.

**Squeeze** - the brilliant illusion of a full deck being visibly squeezed into a tiny card box.

**Deck Switch** - Psychologically strong and easy to do.

Tommy also provides advice on performing close-up magic. He shares his thoughts on timing, misdirection, presentation and a whole host of other aspects of the magical art - truly fascinating!
