Real Sticky Situation - A chewed piece of gum is taken from the magician's mouth, he shakes the chewed gum and it turns back into a new, un-wrapped stick of gum. Then the magician shakes the gum a final time to reveal a fully wrapped piece of gum that can be handed out and chewed.

Hot Pack - A pack of Wrigley's Juicy Fruit is shown and with the flick of the wrist, the pack turns into a pack of Wrigley's Big Red.

Sign Gum Transposition - A spectator and the magician sign separate packs of gum then both hold them tightly in their hands. When both the spectator and magician open their hands they find the signed packs have switched places.

Chewing Gum Change - The front and back of an old chewing gum wrapper are shown to a spectator. The wrapper is then folded and un-folded to reveal that it has changed into another type of gum. The magician rubs the gum wrapper and turns it into a new pack of gum which can be handed out.
