

## One for The Money by Bill Goldman - DVD

If you only know one card trick this should be it!

This revolutionary trick brings one of the most effective plots in all of card magic within the reach of all performers of magic. The effect is a classic-the selected card is found at any number named by a spectator under test conditions.

What Bill brings to the method is classic Goldman diabolical thinking that makes the routine extremely easy to do. Bill's solution doesn't rely on clever sleight-of-hand but on audience management, timing and language. One For The Money is without question a routine you'll use over and over for years to come. I know it's been in my repertoire since Bill first taught it to me. But it's more than a trick. One For The Money is a lesson in structure and presentation that will give the thinking magician an amazing lesson that should be adapted to all of your routines.
