

## Charming Chinese Challenge by Troy Hooser - DVD

**Troy Hooser's Charming Chinese Challenge** has become a masterpiece of coin magic. Why? It's extremely visual, totally practical and very easy to do plus it resets instantly. The **Charming Chinese Challenge** is absolutely the best penetration effect you've ever seen!

The effect is clean and simple: Three Chinese coins are threaded onto a silk ribbon. One by one the coins visually penetrate through the ribbon. You won't believe your eyes as the coins jump both off and on the ribbon. The routine is captured during a live performance.

Designed to be performed in extreme close-up conditions such as walk-around, trade shows or formal environments, Troy's routine will soon become a cornerstone of your repertoire. Even if you're not a heavy coin worker, you'll soon be able to master this fabulous routine. Each part is taught in excruciating detail, nothing is left out.

Originally published in "DesTROYers," this DVD contains much more information along with new handlings never before seen. These additional methods and sequences are well worth the price of admission, but there's a lot more. With contributions from Shoot Ogawa, Apollo and Thomas Wayne, The **Charming Chinese Challenge** has been taken to a new level.

Please Note: 4 Chinese coins needed to perform
