

Mindbogglers Vol 2 by Dan Harlan - DVD

Finally, a complete explanation of the world's best swindles from the only grifter claiming to be a magician, belly dancer, floor gambler, frogwipe salesman, former racecar driver, brain surgeon and denture wearer - **Dan Harlan!**

Mr. Harlan has spent over 50 of his 35 years of life learning, collecting and creating the cons used by the pros, and now he spills it all!

If you've ever wanted to fleece your friends or pull the wool over some unsuspecting stranger's eyes, then get ready to shepherd the flock straight to the shearer. Everything's here: the most perplexing puzzles, the most outrageous boasts, the most preposterous propositions, the most cunning cons and sneaky scams, all presented in a completely natural, simulated, artificial environment.

Volume Two (DVDDH2MIN)

On this DVD, Harlan will teach you to change a one dollar bill into a five, balance a dime on the edge of a dollar, write on someone's face without them knowing it, push a quarter through a dime-size hole, know the date on a hidden quarter, write any color with a pencil, break a pencil with a dollar bill, tie a cigarette in a knot, read a number on a die behind your back, and more! Don't believe it's possible? Wanna bet?
