

## Ring Leader (With Props) by Gregory Wilson - DVD

**Picture this** - A spectator's ring is magically plucked off the center of a rope and just as effortlessly thrown back on - without letting go of the ends! **Now for the ultimate con** - While everyone's staring at the ring trapped on the cord, it instantly and invisibly changes into YOUR RING! Where's the spectator's ring? Back on your finger! Talk about pulling a fast one!

**We know what you're thinking** - there's got to be a ton of gimmicks, gaffs, gizmos and gadgets... Nope. Only Greg!
