

Rubik Remembered by Mark Elsdon and Alakazam - DVD

This is it!

The full work on Mark Elsdon's ground-breaking Rubik's Cube effect: "Rubik Remembered!"

Imagine being able to solve a genuine Rubik's Cube from memory, whilst blind-folded, in less than two minutes every single time!

Forget about all the other Rubik's Cube tricks you've ever seen: matching mixed cubes, predictions, 'magically restored' cubes, etc. When laymen see a Rubik's Cube, they are thinking just one thing - can the magician solve it? After you've studied this DVD the answer will be simple, "Yes!"

In the first part of this DVD, Mark teaches his full solution for Rubik's Cube. He covers every possible variation that you might encounter whilst doing the Cube. His brilliant 7-step solution is quickly learnt and was designed to offer ease of long-term recall. Once learnt, you will be able to solve any Rubik's Cube in less than two minutes, anytime you choose, for the rest of your life.

In the second part, Mark provides the full explanation of his reputation-making effect of solving the Cube apparently from memory, whilst blind-folded. Plus all the handling subtleties and psychological strategies that he has developed and honed over thousands of performances are thoroughly explained.

The instruction available on this DVD has previously only been available to a select group of private students at exclusive, expensive seminars. Now you, too, can learn this incredible piece of magic.

Whether you choose to perform this effect close-up or on stage, as an opener or a closer, 'Rubik Remembered' is the definitive work on using the world's best selling puzzle in your act.

PLEASE NOTE THAT RUBIK'S CUBE AND BLINDFOLD ARE NOT INCLUDED!
