

Sucker Punch by Thom Peterson - DVD

Magic that will knock the wind out of your audience!

9 Great Sneak Attacks To Daze And Amaze!

Lemonade Racket:

A great stand-up piece where you produce a lemon, a full glass of lemonade, and then a bottle of hard lemonade.

Biff! Bam! Pow!

Pocket Lint:

Pocket lint grows into your missing sock, then out of the sock falls your missing set of keys!

What will turn up next? Your ex-girlfriend?

A Hole:

4 Aces jump out of a mixed up deck, then the deck rights itself into a new deck order.

You like card stuff? We got yer card stuff right here pal!

E.S.P. Your Pants:

A sophisticated mental E.S.P. card effect with a juvenile name. This piece is a great way to get multiple spectators involved in the magic.

Fortune 500:

A complete routine with borrowed bills that wind up inside of a sealed fortune cookie. Right out of Thom's castle act.

Plus 4 other knock-out routines for close-up and stand up!
