Linking Rings

If you could have one set of magic DVDs, this would be it! This benchmark collection features just about all of magic's most enduring and classic effects and routines. It's a fabulous compendium with many of the top masters in the world of magic teaching their handlings and routines for some of magic's classics. Linking rings, sponge balls, metal bending, cups and balls, thumb tips, Zombie, color-changing knives, and many, many more topics are all gathered in this one terrific DVD reference set. Each volume covers a specific subject and features new, old, and sometimes rare footage by some of the top video producers in magic.

In this volume, you'll discover the Linking Rings, one of magic's most enduring classics. For centuries, magicians have charmed, baffled and amused their audiences with the mysterious linking and unlinking of solid metal rings and on this DVD, you'll see some of the most magical routines ever created for this ancient trick from six modern masters, each with their own take on the Rings.

Watch and learn Jeff McBride's amazing 6-ring stage routine, Aldo Colombini's charming interlude with three rings and a length of rope, Dan Harlan's comedic approach complete with audience participation, a classicist interpretation from Al Schneider, and Dan Fleshman's routine with small rings, perfect for close-up work. Finally, you'll see Dai Vernon's classic 6-ring routine, the Symphony of the Rings, performed and taught by the Professor himself, arguably the greatest Linking Ring routine ever created.
