

Akross by Sean Fields - DVD

Cards Across is a modern classic. Now Sean Fields has tackled the plot, and taken it in new, exciting directions!

Imagine causing ANY NUMBER of signed selections to vanish from a red backed deck, only to appear in a blue backed deck, while the decks are being held by spectators!

No palming. No gaffed decks. No joke.

This is **Akross**!

Akross has garnered rave reviews from those who have had the opportunity to learn it, now you can see what all the hype is about!

Not only will you learn **Akross**, but you will also learn:

• **Kneaded up** - cause 2 selections, 1 red and 1 blue, to transposse under the same test conditions as Akross.

• **Singularity** - cause a THOUGHT of card to travel from 1 half of the deck to the other. This is a reputation maker!

• **Duality** - Cause 2 cards to change places. ... VISIBLY! This is incredible to witness!
