

# Royales (Midnight Blue) Playing Cards by Kings and Crooks

## WELCOME TO ROYALES

You're invited to escape into a thrilling world of luck and luxury. An unforgettable evening of glitz, glamour and fortune at a fictional, vintage-era Monte Carlo casino.

## FORTUNE FAVORS THE BOLD

Dripping in undeniable flair, the Royals Playing Cards celebrate a flourishing line between modern-minimal and old-world-classic style. Elegantly playful, but ultra-sophisticated. Gold inks dance in the light across the 54 custom crafted faces, while the casino-inspired back design is emblazoned with the latin, "Fortis Fortuna Adiuvat", Fortune Favors the Bold. A call to a self-made destiny that the Royals dare to inspire within you.

## FLAWLESS GENTLEMANLY STYLE

Encased in unfathomable class and quality, the Royals come in a beautiful custom box, luxuriously soft to the touch. Finely embossed and masterfully pressed in gold foil and ivory detailing outside, and in. Secured with a scarlet and metallic gold custom Royals seal, it's perfectly perforated to allow a more refined, gentlemanly opening.

## EXCEPTIONAL QUALITY YEARS IN THE MAKING

Printed in the USA on Crushed Premium casino-grade paper with a performance coating finish, they handle exceptionally right out of the box. Designed by Kings & Crooks founder Lee McKenzie, years in the making and across two continents, Royals gained world notoriety almost overnight. Now they're our most wanted and celebrated deck, ever.

## RAISE THE GAME

With high-end prestige and timeless class, they effortlessly command attention on any card table or connoisseurs prized collection. Making their mark in modern playing card history and deep in the heart of fellow card lovers around the globe, Royals are here to raise the game.
