

Matching Your Drinks by Paul Gordon

It's a stunner! Paul Gordon's Matching (or mixing) your drinks.

Look: No sleights, easy to do, examinable & fast reset. And, of course, fun, unusual & totally magical. So much magic and fun without any sleight of hand. Based on one of Paul's own routines from Card Foolers.

Top quality cards supplied (use own bottle caps or coins) and online video tutorial. This will fast become your EDC for pub/bar/restaurant work. The effect is that the spectator tries to match five alcoholic drinks and their mixers but fails...or does he? The kicker surprise ending is a startler!
