

NASA Foil Meatball Logo - Pokerdeck

These **NASA Playing Cards** feature an entire back laced with silver foil and highlight the "meatball" logo used by NASA. Housed in a metallic silver tuck box embossed with the "meatball".

Each court card is completely custom and features art directly from the NASA archives. From the pips down to the court cards-this deck is adorned with space age details to highlight the unique aesthetic of NASA.

These are one of a kind and completely custom.

Printed in China on cardistry playing card stock for great handling.
