

Silver Foil NASA Worm - Pokerdeck

These **NASA Playing Cards** celebrate the beginning of "The Worm" Logotype and feature completely custom cards and court cards using actual graphics from the appropriate era.

This deck tells the story of the changing logotype of NASA from "the meatball" to the invigorating graphics package delivered by Danne & Blackburn to usher in a whole new graphical era of the US Space Program

Featuring artwork from the NASA Archives:

- Designed by Brad Fulton
- Tuck box features metallic silver paper and foil embossed NASA logotype
- 56 playing cards
- Printed in China on cardistry stock
