

Pocket Book by Peter Turner - Buch

Psychokinesis remains a high watermark in any mentalist's repertoire. While reading minds and predicting the future continue to astound audiences, there is nothing that can compare to physically altering your surroundings using nothing but the power of your mind.

In his latest literary endeavor, Peter Turner (with the help of many, many friends) is here to demystify PK for you. With wonderfully detailed instructions, Peter will guide you through mastering this arcane art, complete with every nuance that can only come from years of performing. The **PK Mentalism Pocket Book** features 24 amazing feats of mental power taught by some of the greatest names in mentalism. Peter Turner, Lewis Le Val, Jamie Daws, Colin McLeod, Mark Lemon, Ormand McGill, Matt Mello, Morgan Strebler, Jerome Francais, Paul Brook, Brando Queen, Patrick G. Redford, and Banachek all provide their own thoughts and techniques.

This book is filled with career-maker after career-maker, all tightly packed into a size perfect for EDC. This isn't just the perfect place to start your psychokinetic journey, it's comprehensive enough to be where you finish. Whether you're dipping your toes in or you've been performing for years, this is the book for you.
