

## Cubeify by Paul Fowler and Kev G

*"I love a surprise reveal, and I also love totally out of the box thinking. This is both of those elements, on steroids!"*

**- MARC SPELMANN 'X'**

*"Fantastic routine, amazing reveals, builds progressively. Highly recommended!"*

**- DAVID JONATHAN**

*"So well thought-out! My mind is buzzing with ideas, I can't wait to perform this"*

**- JACK RHODES**

*"An amazing commercial idea for a fun and visual reveal that nobody will see coming."*

**- LUCA VOLPE**

*"This is the most interesting combination I have seen in cube magic."*

**- CRAZY SAM (SAM HUANG)**

*"What a fun idea! This escalates the effect beyond just the Rubik's Cube."*

**- TOM CROSBIE**

*"I love it! Ryland is gonna lose his sh\*t over this. Well, done, very epic."*

**- CRAIG PETTY**

### **Reveal, predict, solve!**

*The ultimate cube for multiple revelations.*

*Grab any standard 3x3 cube and combine it with Cubeify's easy-to-use utility lettering system, and what you have is:*

- *A cube miracle that connects with your audience*
- *Multiple phases of hard-hitting cube magic*
- *Something unique that's super easy to do!*

*You've heard of the iconic Rubik's Cube, right? Well, imagine that, but with a twist that will truly blow your audience's minds. Picture this: instead of just colors,*

*you're maneuvering letters. That's right, letters!*

*Forget about the traditional puzzle, because with Cubeify, the possibilities are endless. With every twist and turn, you're not just solving a puzzle, you're unlocking a world of words that everyone can connect with.*

*Combine that with the universal language of music that brings people together, you're tapping into a realm where melodies transcend boundaries and songs become the soundtrack of people's lives.*

*Cubeify allows you to write your own music in the form of cube magic!*

### **What can you do with Cubeify?**

*Have an artist/music track selected (various methods taught) and then:*

*Phase 1:*

*Reveal their artist*

*Phase 2:*

*Reveal or predict their song*

*Phase 3:*

*Magically solve the cube*

*Everything is taught in full detail over an extensive easy-to-follow 2.5-hour tutorial, meaning you will be fully ready to set up your existing cube with the Cubeify system, learn it, and perform it straight away.*

*Cubeify offers you a unique experience reminiscent of being in a recording studio with a blank track. While the project provides various routines and discussions, Cubeify lets you compose your own magic music mashup.*

*And the best part...*

*It only takes 4 moves!*

**Includes:** *letter stickers, custom cube box, full instructions.*
