

## Bicycle Paper Royals - Pokerdeck

Step into the whimsical world of BBG and Vee5 as they embark on their most enchanting tea-time party yet! This imaginative journey is brought to life by WINNIEYIPPIE (Winnie Yip) and VYNC (Vincent Ow), two of Singapore's most promising toy designers. They are known for their collaborations with globally-renowned brands such as Mercedes Benz, Levi's, Riot Games, Secret Fresh, and MediaCorp, and have successfully hosted solo shows around the globe.

**Bicycle Paper Royals** marks the first collaborative project of RunIt Decks® with toy designers. Unveiling at ToyCon Philippines 2024, **Bicycle Paper Royals** stands out as the first deck to feature dual front covers, with BBG and Vee5 gracing each side - a novel design in playing card decks. Printed by the US Playing Card Company, the deck showcases the world-renowned Bicycle® brand with its signature air-cushion finish, which has set the standard for playing cards since 1885.

All 56 cards display its own uniquely drawn illustrations, each depicting a whimsical tale of BBG and Vee5's enchanting tea-time party. From the illustrated jokers featuring a jack-in-a-box to the distinct diagonal two-way back design, no card has been left untouched. The deck's standout feature is the quadriptych, consisting of two sets of 4-card court cards that combine to form a larger image.
