

MENTAL CUBE (Gimmicks and Instructions) by Apprentice Magic

In this version of the classic mental die, you display two opaque canisters and a single die. You ask your audience member to examine everything, **THERE IS NOTHING TO FIND!** You then, with your back turned, ask your spectator to choose any number on the die and place it inside the canister, then seal it with the lid. To make sure there is absolutely nothing you can see, the canister is placed into another, larger canister. You are instantly able to let your spectator know the exact number they chose! Once again, **EVERYTHING** can be inspected! Include high-quality, extra-large props.

Easy to do and comes complete with professional instructions.

Apprentice products come complete with all necessary props, online instructions as well as a great storyline to capture the imagination of your audience.
