

MIND BOARD COLOR by Tora Magic

Blow your audience away by performing this 3D shocking mental trick!

Several colored cards are shown - they are placed in pockets attached to a board.

Show a beautiful cube with a different color on each side, and place it in a box.

Your participant selects one colored card, and you remove it from the pocket. You also use a marking pen of the same color to draw a colored circle on the back of the board.

NOW for the magic! Open the box, and ALL of the cube's colors have turned into the participant's selected color! Not only that - remove all the colored cards from the pockets on the board - they are ALL the selected color as well!

Your audience will be scratching their heads in amazement!!

Comes with board, box and cards

Parts: board, box, cube and card

Dimensions:

Board: 2 x 39.5 x 29.5cm

Cube: 6.5 x 6.5 x 6.5cm
