Plastic Mouth Coil (Rainbow) by Andy Amyx

Andy Amyx has taken a classic in magic and created a wonderful Plastic Coil Streamer.

These streamers are much stronger than your basic paper streamer. So breakage will almost never happen. Very bright in their colors with a nice shine to them so from a distance they really "POP" Andy Amyx has been using these plastic coils in his stand up act for years & now has decided to release them to the magic world.

50' each. 12 coils per package.
