

## Combo Packet Wallet by TCC

The big brother to our best-selling accessory - the **COMBO PACKET WALLET BY TCC**.

*"My Packet Effects Wallet represents my performing journey; every corner is filled with it's own stories and experiences."*

### Product Overview:

A packet effect wallet might seem like it only needs to serve one primary function: to store packet effects. Nevertheless, the **TCC Combo Packet Wallet** is designed with the professional magician in mind, offering both **high-end elegance and practicality**. Its sleek, stylish, and grand appearance makes it suitable for any setting, from intimate close-up performances to grand stage shows, highlighting your unique taste and personality.

### Product Details:

Crafted from Napa-textured PU leather, it provides a delicate texture and a smooth, realistic touch.

It features four columns and five rows, providing a total of **20 slots of ample storage**.

The **magnetic closure** ensures secure storage while allowing for easy and quick access to your packet effects.

The slots have been measured to the ideal depth, allowing you to store and retrieve your packet effects effortlessly. Upon opening the wallet, the layout enables quick identification and easy access of your packer effects, preventing any mix-ups.

### Features:

- **Specifications:** Four columns of five rows, for a total of 20 slots
- **Material:** 1.2mm thick Napa-textured PU leather

### Dimensions:

- **Width:** 11.6cm
