

Vintage Chicken Nugget - Navy

Hason Chien Production Co. is remastering the deck as the "New Vintage Chicken Nugget"!

What does "Chicken Nugget" mean? We connect the original "nugget" with the popular chicken nuggets to pay our humorous homage to the classic deck.

CARD DESIGN:

Courts

We designed parody face cards with the slogan "Quit junk food. Make life good." Quit high-calorie fast foods and play cards to bring more joy to life!

Color

Time? Not a problem. Cost? Not a problem, either. We conducted countless adjustments to recreate the blue and green colors of the Vintage JNugg.

Ace

We designed a new chicken nugget ace based on the ace of the deck produced in 1964 by ARRCO.

The Joker

Based on the style of the 1964 deck and with our logo, we designed a new Joker. Its aesthetics and humor demonstrates our reverence for the classic.

CARD QUALITY:

Vintage Stock

We developed the new paper stock "Vintage Stock." It is lighter, thinner, and snappier than most paper stock used in playing cards manufacturing.

The Finish

We use "LEGENDARY FINISH" to make the card surface very glossy with the right stickiness for smooth fanning without falling apart.

The Cut

They will be Standard Cut to maximize performance. Hold this deck in your hand, and you will be amazed by its touch.

The Box

We remastered the original box design for the Vintage Jerry's Nugget, with an

integrated box and stamp on the tuck flap that recreate the classic.

Red-Striped Security Band

Each classic deck features a red-striped security band that awaits a card lover's hands.

Tax Stamp

We recreated the seal sticker ARRCO designed for the box of Vintage Jerry's Nugget.

Date Stamp

Every time you open the card box, you will be reminded of the year 1964 that saw the birth of the Vintage Jerry's Nugget.

- The cards are poker size.
