

Vanishing milk pitcher pro by Bazar De Magia

The pitcher empties on its own!!! Milk is poured and then vanishes into a paper cone, a hat or a child's ear. A pitcher of some 2 liters can be emptied in seconds!

You may use it as part of your magic trick routine for children or adults, as a single magic trick or you may combine it with other classic tricks.

- Bazar De Magia quality.
- This milk pitcher version is easily disassembled and cleaned.
- The pitcher is cm 21 (8,3") high and has a diameter of cm 12,5 (4,9").
- Vanishing milk pitcher pro does not need any funnel and has got an easy-to-clean removable magnet gimmick. Reset is automatic.
