

## Unliftable by Iñaki and Javier Franco

Unliftable: The Light-Heavy Deck!

Magic they can literally feel. Take away their strength on your command.

“Unliftable” is an incredible light-heavy deck that allows you to easily perform an amazing close-up version of the iconic stage illusion.

You show that the deck can be lifted as normal. They can even lift it themselves. But, then, on your command, it becomes impossible to lift. No matter how hard they try, they won't be able to lift the box. Of course, you are then able to lift it again whenever you want.

No magnets. No threads. No elastics.

“Unliftable” by Iñaki enables you to give every audience a visceral experience that they'll never forget. It comes ready to go and is super easy to use. The cards can then be used for all your favorite card tricks.

You'll receive the "Unliftable" gimmick in a Bicycle Red box, but it can be easily transferred to any other poker-sized box.
