

## Genii Tube - Flat

The magician shows a clearly empty rectangular tube to the audience. After a magical gesture he then proceeds to pull many colorful silks spring flowers and streamers from it.

- The tube can also be used to make an item disappear or change.
- Great for any stage performance and very popular with all kinds of audiences.
- The production items are not supplied. They can be purchased separately.
- The tube is made from plastic material, and can be flattened for an easy transport. Once open it is 30,5cm (12") tall and measures 26cm (10,2") on each side.
