

Transparent by Smagic Productions

More than words just take a look at the video to fall in love with this fantastic effect!

More than just a gimmick, it's also a beautiful object. You can put it on your desk or somewhere where everyone can see it, but mainly carry it always in your pocket for performing it anywhere!

- Instant visual change, with nothing to hide!
- Very easy to do.
- Reset in less than 5 seconds.
- The special sheet is about the size of a card and 5mm thick, laser cut so the edges are perfectly smooth. It is very durable and almost indestructible.
