

Thor Playing Cards

“Whosoever holds this hammer, if he be worthy, shall possess the power of Thor.”

Thor, the son of Odin, uses his mighty abilities as the God of Thunder to protect his home, Asgard, and planet Earth alike, wielding the power of the ancient Asgardians to fight evil throughout the Nine Realms and beyond. Now, with the power of the Bifrost, we are able to summon the God of Thunder, (a.k.a Thor) created by Marvel Studios.

Expertly crafted based on the blockbuster film Thor(2011). The playing cards feature a finely tailored red and navy Asgardian Armor with silver foil accents and embossing throughout the tuck case.
