

Star Wars Playing Cards - Gold Foil Special Edition

Both Sides of the Force

IN ONE GOLD SPECIAL EDITION

The outer packaging is breathtaking, with striking, galactic gold foil mixed with clear, reflective foil that creates the illusion of the Millennium Falcon™ cockpit window on the front, with the Imperial Throne Room window on the back. Several iconic elements of both sides of the Force are represented in this special edition.

Draped in Gold Foil

GOLD ALL OVER

The backs of the cards look like they've been plated with the same gold used for your favorite droid C-3PO™. Printed with the highest quality gold foil, the back design is absolutely astonishing at every angle, and shimmers beautifully in the light. This edition truly comes from another galaxy far, far away....
