

## Shrinking Cards

Magician shows a packet of regular size cards which has Ace of Spades, King of Spades, Queen of Spades, Jack of Spades and Ten of Spades respectively in a row. He says: "These cards are magic cards, let me show you one of their magical powers". The magician whispers something to the cards and all of a sudden, the cards change into different sizes: the Ace of Spades changes into a jumbo size and the other cards become progressively smaller right in front of the audience!
