

Tenyo - Shocking Passcase

An instantaneous transformation!

Insert a sheet of folded white paper into the passcase pocket, snap the case with your fingers, and instantly transform the paper into genuine currency!

The uses for this passcase are plentiful – make a train ticket appear in the empty pocket, transform cash into a real credit card, or... whatever you can imagine!

A passcase does not feel like a magic prop, but rather an everyday carry item many people possess. It appears to be a natural, organic object with which you can perform eye-popping magic!
