

Ripped Travel by Craziest

With Ripped Travel you will be able to change the shape of a card in the most visual way you could imagine. Once you change it, you will be able to hand out the card to the spectator without any problem, giving them an amazing souvenir they will never forget!

What we like the most about this effect is the new system that allows you to lock the gimmick and have it "open" on the table or even throw it in the air before the "magic" happens.

With Ripped Travel you will receive a gimmick that will do all the work for you and an instructional video for you to learn the secret behind this effect.
