

Quick Change Kings

Here is a super fun and super easy packet trick for you. The magician says he has four kings: two black kings face up and two red kings face down. Mysteriously the black kings change places with the red kings. This is repeated a few times, then unexpectedly the kings change into four Aces!

- Printed By the USPCC on Rider back Bicycle cards.
- Only 4 cards are used.
- Baffling, but very easy to perform.
- Supplied with the necessary cards and easy to follow instructions.
