

## Color Changing streamer

The magician elegantly takes a long black scarf off his shoulders and shows it to the audience. He gives it a shake and, visibly, it changes from black to multicolored. Pure poetry for the eyes!

You will give the audience pure colorful emotions!

- Suitable for any kind of show.
- The scarf, made of fabric, is approximately 115 cm long.
- Operation is perfect and requires no skill.
- The effect can also be presented in reverse, i.e. from a multicolored scarf to a black one. Or, at your discretion, after coloring it you can transform it again into a black scarf.
