

## MyTurn Hotel and Casino Playing Cards

Here is a cardistry deck with a nice vintage look! The cards are inspired by the old Las Vegas casinos and hotels, but designed for cardistry!

The MyTurn Hotel and Casino playing cards are a mix of retro design and high quality modern printing techniques. The case, the ace of spades and the jokers are custom, and the backs have "mirrored" image. As the deck is inspired by the casino, the faces of the cards are standard.
