

Multiplying Wine Bottles - #6 Professional

A glass and a bottle magically change places many times under the cover of two tubes. Then a glass of wine is also poured from a bottle, and now the bottle and full glass magically transpose! During this process, one after another, bottles magically and unexpectedly appear from the tubes, till a total of 6 bottles, are on the table!

One of the best sets on the market, at an affordable price!

- Easy to perform.
- The bottles are of great quality, and very realistic.
