

Moo Playing Cards

Moo Playing Cards are the most Legen-DAIRY playing cards ever made! It is a highly collectable deck as only 500 have been printed!

A playful pun based deck cow themed deck, with a borderless design that looks good in fans and spreads, it's a deck that's designed for cardistry, magic, design lovers, playing card lovers as well as people who love to play card games or just have a fun night of funny Q&As.

Every card in the deck has a cow based pun question on one end and the answer on the bottom. A deck that makes you laugh is how we like to describe Moo Deck!

The design on the face side is such that when the deck is riffled, it creates a nice visual animation of the pips moving around in circles.
