

Chinese Coin with Expanded Shell - Black

The use of Chinese looking coins in magic, has always captured the interest and fascinated audiences.

It is possible to use these coins for many classic coin routines for example highlighting the magical change from one coin into another.

This Chinese coin, is available in four bright colors, and is supplied with an expanded shell. This is a very useful gimmick that will allow you to create many routines without the use of otherwise very complicated moves.

We supply:

A half dollar size Chinese coin.

An expanded shell.

A simple routine.

With a little imagination and with some basic coin manipulation knowledge, you will be able to use this coin/shell for many other magical routines.
