

Maverick Jumbo Index (Blue)

Oversized, bold numbers for easy viewing, plus standard size for easy handling. At first glance these Maverick Jumbo Face Playing Cards, with their standard 3-1/2 x 2-1/2 size, give the appearance of a traditional deck of cards. But one glance at their face side, and you can easily see the oversized numbers (more than 1/2 high) that make them stand out. Great for all card players and especially helpful for those with low vision. Standard deck: 52 suit cards plus 2 Jokers.
