

Magnum Force Playing Cards

Inspired by Saturday morning cartoons of the 80s, this is not your average deck of cards. Get ready for Magnum Force!

Nothing you've seen before will prepare you for the gnarly awesomeness that is the Magnum Force deck – a cohort of cyborgs, ninjas, beasts and mutants that hark back to the cartoons of the 1980s. If you were ever a fan of shows like "G.I. Joe", "He-Man" or "ThunderCats", you'll love these beautifully designed and highly imaginative cards that capture all the fun and energy of a bygone age.

The Magnum Force deck was designed by Basil Murad, an illustrator and motion designer who creates 80s-inspired work under the BLOOD+CHROME banner.

In addition to featuring his classic artwork, the Magnum Force package also includes detailed backstories for each character, adding a unique narrative layer to the cards' mystique.

Whether you use the deck to play your favorite games, employ it as a colorful, one-of-a-kind prop for card tricks, or simply save it as a prized collector's item, you'll come to know the power of Magnum Force.

Each face card in the Magnum Force deck features a hero, heroine, villain or beast, rendered in all of his/her/its garish full-color glory.

Finely detailed and possessed of 12 distinct personalities, they make up an inimitable rogues gallery of virtue and vice.

The back of each card sports a stylized double cobra in shades of magenta and blood red writhing menacingly on an electrifying purple background.

The Ace cards feature each faction's logo dominantly in the center, and the number cards feature miniature version of the logo arranged as per the assigned number.

The Joker cards are even more distinct so as to add more color and interest within the deck, and to make them easier to pick out of the deck to facilitate game play.

- 56 poker sized cards (52 cards + 2 jokers+ 2 gaff cards).
- Embossed tuck boxes.
- Printed by USPCG with embossed air cushion finish.
- Limited edition.
