

Instant Card Wallet 2.0

A card magic classic in a super clean and easy to do version.

A wallet is placed on a table. A card is signed and lost into the deck, then the spectator puts the deck in the case.

The magician picks up the wallet, which was always visible and the signed card appears inside.

A very high quality product, manufactured by MAGIC UP.

Please note that although the video instructions are in Portuguese, the operating mechanism is clear by watching the video.
