

## Sitta Instant Blendo

**Sitta original version:** Three silks are shown separately one by one, **thrown into the air and instantly turn** into a big silk with three colors fused together!

**Simplified version with change bag:** The magician shows 3 silks of different colors and magically changes them into a large multicolored silk. The audience will think you've managed to "melt" the silk into a fantastic blendo!

Effect 2 with change bag: The magician shows a large silk with three colors and magically changes it into small silks. The audience will believe that you have managed to "split" the large scarf into 3 small ones!
