

Ghost Coin 2.0 by Andrew

This eyepopping effect has been further improved with a self contained locking mechanism that makes the handling very easy!

We're sure you've never seen anything like it: the perfect gimmick to add to your repertoire!

A coin is placed on a playing card and disappears as if by magic before the eyes of the public... To reappear at the place of your choice!

Ghost Coin is a meticulously designed and handcrafted gimmick by Andrew to provide your spectators with one of the most incredible effects you and they have ever seen.

Both sides can be shown before and after the effect, no angle problems, silent and extremely easy to use in close-up and on social networks. Compatible with all coins.

Make a borrowed, signed coin disappear or cross a playing card.

Your imagination is the limit because many very visual routines can be created with this magnificent tool, which will find a place of choice in your briefcase as the presentation possibilities are numerous.
